Report Presented in Annual Function-2014

On this very special and happy occasion of the Annual Day Celebration of ABKG in collaboration with the School I have great privilege in greeting our Chief Guest Brig. Ahmad Ali (Pro-Vice Chancellor, A.M.U, Aligarh) our honorable chairman and founder of ABKG Mr. Amanullah Khan sb distinguished invitees, parents and dear students my hearty welcome to all and I would like to thank you all for responding to our invitation and gracing this occasion.

I have great pleasure in presenting the Annual Day Report for the academic year 2013-14 .This year has been a very eventful one for us. We have made great efforts to transform ourselves completely into the CCE format and have extremely successful in most of our endeavors. Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenges of the competitive world. It is a matter of great importance to us that the students who pass out from our portal should carry forward the values they have inherited, excel in whatever they do and be role models in the society .The quality of education imparted in any school is generally judged by its academic results. I believe that it should not be the only criterion. It is overall development of a child's personality and performance that determines the standard of the school. CBSE is now adopting new trends in education and evaluation and we have to adopt ourselves to these changes.

Dear parents, the school believes in the motto that, "**A Healthy Mind resides in a Healthy Body**" and encourages its students to participate in all kinds of sports activities I promise you that at our school each and every child shall be nurtured not only to make them wise but wiser to adapt and control the situations he meets in life.

Your children are the most precious resource with in the community and we need to nurture them by providing the best education possible. We believe that offering a vibrant, innovative and rigorous education which inspires and challenges our students to develop a love of learning and ensure that they have the knowledge, skills and values to cope with a rapidly and sometimes turbulent word.

CO- CURRICULAR AND EXTRA CURRICULAR ACTIVITIES

Our school lays great emphases on co-curricular and extra curricular activities besides games and sports held in our school. Our students also participated in different activities at District level. Our school team participated in Football and Long Jump competition held at District levels.

I firmly believe that not the winning but the participation is more important. However our many students participated and won prizes and positions in different activities such as:

1. Football
2. Volley ball
3. Athletic

Our school conducts Debates, Essay writing Competition, General Knowledge competitions, Science and Islamic Quiz at the inter class level for the academic growth of the students.

All this would not have been possible without the cooperation and coordination of our parents and teachers. I would be failing in my duty if I do not mention the name of our Honorable Chairman Mr. Amanullah Khan who has been source of permanent and regular guidance for all of us. His material and moral support has made the growth and progress of the school easy. I am sure that the school will achieve greater heights under his patronage and guidance.
